Dear Sir:

Can you tell me by a reference to your lists whether trademen's tokens were issued by any of the merchants or others of New Rochelle, N.Y.? The business men of this place seem to have been an enterprising lot, and it occurs to me that some of them may have put out such tokens.

I will appreciate any information that you can give me in this connection, perhaps where a local token might be seen, etc.

Very truly yours,

*Richard Webber*  
Acting President.

*My Reply to Mr. Wood*

The only piece we have a record of is what was issued by the National City Bank of New Rochelle a few years ago which was worth 50 cents on a new deposit of \$1.00. I have told him I have forwarded his letter to you.
